

Environment & Sustainability Champions Training

Learn how to reduce energy and water use costs at your club
and hear about funding options for sustainable upgrades

Presented by Conservation SA in partnership with the Office for Recreation and Sport

2017 Training Calendar

These workshops/webinars are designed to assist sport and active recreation clubs to reduce their energy and water costs, reduce their impact on the environment, and provide information about suitable funding options for sustainable upgrades. After the workshop/webinar each participant will receive a copy of the Environmental Sustainability Guide for Sport and Recreation Clubs, which contains all the fact sheets, worksheets and information covered on the night. Participants will also receive a certificate of attendance.
